USDA 'Superior' Rating

McAllen, Texas – Embassy Packing Inc. is proud to announce that the company has achieved a Superior Rating on its most recent Plant Systems Audit from the United States Department of Agriculture.

The Plant Systems Audit (PSA) program provides an unbiased, third party audit of a processor's quality assurance system.

The PSA program determines how effectively a processor's quality assurance system is working. The quality audit includes in-process observations and an audit report which documents all findings. During the audit, the Processed Products Branch reviews a processor's Food Safety Controls, Quality Management Systems, Personnel Policies, Good Manufacturing Practices, Sanitation, Pest Control, Packaging/Labeling, Inventory Practices, and Recall/Return programs.

About Loop Cold Storage

Since 1981, Loop Cold Storage has operated as a public refrigerated warehouse (PRW) in McAllen, Texas. From its strategic location only minutes from the US – Mexico border crossing, the company manages a 374,000 square foot freezer distribution center. In conjunction with the freezer operation, an affiliated company - Embassy Packing Inc., empowers companies with the ability to manufacture branded and private label frozen food products "just-in-time" for sale to the largest supermarket chains and foodservice outlets in the nation.
