3rd Consecutive USDA – Plant Systems Audit ‘Superior’ Rating

McAllen, Texas – Embassy Packing Inc. is proud to announce that the company has achieved another Superior Rating on its most recent Plant Systems Audit from the United States Department of Agriculture.

The Plant Systems Audit (PSA) program provides an unbiased, third party audit of a processor's quality assurance system.

The PSA program determines how effectively a processor's quality assurance system is working. The quality audit includes in-process observations and an audit report which documents all findings. During the audit, the Processed Products Branch reviews a processor's Food Safety Controls, Quality Management Systems, Personnel Policies, Good Manufacturing Practices, Sanitation, Pest Control, Packaging/Labeling, Inventory Practices, and Recall/Return programs.

About Loop Cold Storage

Since 1981, Loop Cold Storage has operated as a public refrigerated warehouse (PRW) in McAllen, Texas. From its strategic location only minutes from the US – Mexico border crossing, the company manages a 374,000 square foot freezer distribution center. In conjunction with the freezer operation, an affiliated company - Embassy Packing Inc., empowers companies with the ability to manufacture branded and private label frozen food products “just-in-time” for sale to supermarket chains and foodservice distributors.
