

Loop Cold Storage Company Receives 2010 Sysco Bronze Award

McAllen, TX – Loop Cold Storage has been awarded the *Bronze award for SYSCO's "2010 Warehouse of the Year Award" competition*. This is the 6th consecutive year in which Loop has received an award as part of SYSCO's third party logistics vendor recognition program.

Loop competes against 10 3rd party warehouses in SYSCO's distribution network around the United States for this award.

This award recognizes Loop's excellent performance in both SYSCO's operational metrics scorecard total and a survey of SYSCO operating companies served by their respective regional providers. The operational metrics results include sanitation (AIB scoring), scores on SYSCO's internal audit, on-time delivery, product damages in the warehouse, and inventory accuracy. Each SYSCO operating company also had the opportunity to rate the responsiveness of its respective warehouse provider.

As Loop approaches its 30th year in business in McAllen, the company looks forward to continued growth and success and is proud to be a member of the Rio Grande Valley's vibrant business community.

About Sysco

Sysco is the global leader in selling, marketing and distributing food products to restaurants, healthcare and educational facilities, lodging establishments and other customers who prepare meals away from home. Its family of products also includes equipment and supplies for the foodservice and hospitality industries.

Today, Sysco has sales and service relationships with approximately 400,000 customers and remains committed to helping them succeed in the foodservice industry and satisfy consumers' appetites.
