Construction of a New Fresh Produce Distribution Center

McAllen, Texas – Loop Cold Storage has commenced the construction of a new state-of-the-art fresh produce distribution center to be located on a property adjacent to the company's current freezer operation.

Phase I of the project includes 45,000 square feet of cooler space which is scheduled for completion during the 1st quarter of 2007. The new facility has been designed specifically for the efficient handling and distribution of fresh produce. Special consideration has been taken to ensure that the highest levels of product quality and integrity will be maintained.

This project will greatly enhance Loop's services offered to shippers of high-quality fresh produce.

About Loop Cold Storage

For over 25 years, Loop Cold Storage has operated as a public refrigerated warehouse (PRW) in McAllen, Texas. From its strategic location only minutes from the US – Mexico border crossing, the company manages a 374,000 square foot freezer distribution center. In conjunction with the freezer operation, an affiliated company - Embassy Packing Inc., empowers companies with the ability to manufacture branded and private label frozen food products "just-in-time" for sale to the largest supermarket chains and foodservice distributors in the nation.
